Best of the Year!

Best Prosumer Camcorder Sony HVR-V1U (\$4,890)

The Sony HVR-V1U is a leader in prosumer camcorder design and layout. It is one of the most well-balanced camcorders, and its controls are very intuitive. For professional shooters working on a camcorder that is smaller than others in its category, this design excellence surely pays off.

The HVR-V1U's image quality and audio controls are also terrific. For a high-definition camcorder that can run with the pros, the Sony HVR-V1U is certainly the best of its class.
