

## **PDZ-1 v 2.70 Release Information**

March 2010

PDZ-1 v 2.70 includes support for Windows 7 (32/64 bit Ultimate/Professional) and adds support for Live Logging with HD422 material. The updated Optical Disc FAM driver (v 2.30) is included with PDZ-1 and does not need to be downloaded separately.

See the included Read Me file for additional information including installation instructions.
