Dear Mr. Tomioka:

NOTICE OF AUTHORIZATION TO APPLY THE UL MARK

This letter temporarily supplements the UL Follow-Up Services Inspection Procedure.

This letter serves as authorization to apply the UL Listing Mark and the UL Listing Mark for Canada to the above referenced product, which was submitted to UL for investigation. The UL records covering the product will be in the Follow-Up Service Inspection Procedure, File E69004, Volume 3.

To provide the manufacturer with the intended authorization to use the UL and C-UL Marks, the addressee must send a copy of this notice and all attached material to each manufacturing location.

This authorization is effective only for 90 days from the date of this Notice. Records covering your product are now being prepared and will be sent to you in the near future.

Products produced which bear the UL and C-UL Marks shall be identical to those, which were evaluated by UL and found to comply with UL's requirements. If changes in construction are discovered, authorization to use the Marks may be withdrawn and products that bear the UL and C-UL Marks may have to be revised (in the field or at the manufacturer's facility) to bring them into compliance with UL's requirements.

If we can be of assistance, please do not hesitate to contact us.

Very truly yours,
